Cascading Style Sheets (CSS)

Time check... we need to start our Lab at 2:30.

Why have I changed the “Worldwide Web” to the “Internet”? By the end of this class it is your responsibility to know the difference.

Assignment for Friday

Assignment (before next class):

- Complete Ch.3 of Sebesta

Pre-Lab Wrap-up

Wrap-up:

Quiz 1 is due Wednesday **Today**... I have given everyone a 4th attempt on the quiz if needed

Project 1 due in one week... “beta” version due on Friday during class

Friday we will be checking in with Ivan & Karl on Project 2 setting up a Website on Azure... thank you Ivan and Karl!

Are the videos something that we should incorporate into our class regularly?

Week 3 Lab: Course Schedule

I have made the solution to our Week 3 lab available. My strong suggestion is to do your best on your own and using “normal” resources available to you (Web, classmates, etc.) and then use the solution as a last resort.
